BANKERS FACE LIQUOR ISSUE

Threatens to Invade Peaceful Consideration of Their Program.

LAID UPON THE TABLE

Considerable Discussion Follows Introduction of Resolution and Its Final Disposition.

Old Point Comfort, Va., June 20.—Without even a premonitory rumble to herald its approach, the liquor question broke suddenly into the program of the bankers' convention at the afternoon session yesterday, threatening for thirty stormy minutes to invade the peaceful consideration of commerce and finance with its demand for recognition.

The issue was brought to the front within a few minutes after President Hurt had called the meeting to order, when W. H. Pettus, of Drake's Branch, presented to the body for adoption the following paper:

"Resolved, That it is the sense of this convention that the use of champagne and intoxicating liquors at our annual banquets is lowering the dignity of this representative body and establishes a precedent that we would be unwilling for the employes of the institutions represented to follow, and is a totally unnecessary expense, and that this convention hereby authorize and request its executive council in the future to refrain from furnishing any intoxicating beverages at any of its annual banquets."

The resolution took the majority of the delegates by surprise. It was offered under the head of new business, the order of the day, and in five minutes the convention had transferred its attention from the orhodox subjects on the program to the career of the rank outsider.

Speeches for and against the adoption of the resolution followed each other in rapid succession as fast as the delegates were recognized and secured the floor. Only half of the accredited delegates were in attendance, and several speakers took the position that no action should be taken until a fuller expression should be secured.

Motions to refer the resolution to the executive council and to the next annual convention gave way to a motion offered by I. F. Rison, of Danville, that the matter be tabled for disposition a next year's meeting A viva voce vote on this motion made it clear that the delegates present were divided, and President Hurt called for a rising ballot. Secretary Scott counted the upheld hands, and the motion to table was carried by a 40 to 33 vote.

Old Point Comfort, Va., June 20.—The second days' session of the Virginia State Bankers' Association here yesterday was addressed by George E. Roberts, director of the United States mint, and Joseph G. Eggleston, president of Virginia Polytechnic Institute. The following officers were elected:

President, W. B. West, of Newport News; vice-president, C. T. Tiffany, of Fauquier county; secretary, Walker Scott, of Farmville; and treasurer, Col. Julien H. Hill, Richmond.

"Taxation and Business" was the subject of an address this afternoon by Dr. Douglas S. Freeman, of Richmond.

NEWS OF THE DAY

By a margin of four inches Yale won the varsity four-mile eight-oared race on the Thames river at New London, Conn., yesterday afternoon, after a struggle which will stand out in rowing history when the competing oarsmen are forgotten.

The private bank of Pleva and Company at Vienna failed last night for $7,000,000. The liabilities consist mostly of deposits by the Catholic clergy.

Bulgaria will remain neutral in the expected war between Turkey and Greece, according to confirmation obtained by the Austrian government.

Two of the final acts of the International Association of Chiefs of Police, before the annual convention adjourned yesterday in Grand Rapids, Mich., were to drop Detective William J. Burns from the list of honorary members of the association, and to vote against amalgamating with the naional organizations of sheriffs and railway detectives.

Twelve persons were killed and seven injured by a landslide yesterday in a tunnel of the new railway from Nice to Caneo, Italy. It is feared that more people were buried beneath the debris.

An attempt to burn a church at Beckenham, a southeastern suburb of London, was made by an "arson squad" of militant suffragettes in the course of Thursday night. The flames, however, were quickly extinguished, and the damage done was very small.

While fishing in the Mohawk river 3 miles east of Schnectady, N. Y., four fishermen yesterday afternoon found the trunk of a woman's body, with parts of two legs attached. It was wrapped in two pieces of table oilcloth, over which were parts of an underskirt and an outer skirt, all securely tied in a burlap bag and weighted with a heavy stone and a large piece of concrete. The head, arms, lower part of the legs, and upper part of the trunk are still missing.

Police Inspector Thomas F. Norton, of Boston, was fatally shot yesterday in a sensational revolver battle following an attempt to arrest Lawrence Robinson who is wanted in Grand Rapids, Mich., on charges of murder and robbery. Robinson was taken to a hospital, suffering from three bullet wounds. He probably will recover. His companion, Joseph F. Daniels, was locked up on a charge of first degree murder. The inspector died soon after reaching the hospital.

The chief feature of the second and closing day of the nineteenth annual convention of the Association of Railway Surgeons of the Southern Railway, and its allied lines, at the New Willard, in Washington, yesterday, was the memorial address on the late Samuel Spencer, president of the Southern, who was killed in a wreck some years ago.

Aviator Siekorski, the famous Russian birdman, made another new aerial record yesterday when he flew for six hours and thirty-three minutes and ten seconds in an aeroplane with six passengers.

Another successful passage through the Miraflores and Pedro Miguel locks of the Panama Canal was made yesterday by the steamship Santa Clara, of the Pacific-Atlantic Steamship Co. The operaion was carried out without incident, and the vessel proceeded on her voyage to New York. The Santa Clara is the first privately-owned ship to pass through the locks, and she did so for the purpose of giving experience of the locks to the crew of a steamship of American register.

Because of election frauds in his district, the Twelfth Missouri, in which he by unanimous admission had taken no part, but which, nevertheless resulted in a majority of the votes being given him, Leonidas C. Dyer, Republican, was deprived of his seat in the House yesterday. A few minutes later Michael J. Gill, a Democrat, took the oath of office, and was overwhelmed with the congratulations of his new colleagues.

EARLY MORNING FIRE AT MANASSAS

Depot Building Destroyed at 2 A. M. from Fire of Unknown Origin.

GREAT EXCITEMENT

Severe Rain and Thunder Storm Yesterday Afternoon Supposed to Have Deranged Electric Wires.

Manassas, June 20.—Fire at two o'clock this morning destroyed the depot building of the Southern Railway at this place with most of its contents.

Alhough no one knows positively what caused the blaze, it is supposed the electric wires which ran into the srtucture became eranged yesterday afternoon during a severe electrical storm, and that the fire originated from that cause.

The conflagration caused great excitement in the town, nearly everybody in the place being on the ground. Fortunately there was but little wind and the flames did not spread, although it was feared at first that the fire could not be confined to the railway building.

The loss is unknown. The structure itself was not costly and can soon be renewed, but it is hard to approximate the value of such of the contents as were desroyed.

The storm which passed over Manassas towards the close of yesterday was more severe than any which has prevailed in this section this year. The lightning was vivid and incessant for a time, while the crashes of thunder were heavy and alarming. The wind flew at great velocity. So far as is known no damage resulted from the elements.

QUARTERS FOR TRAIN HANDS

Crews of Electric Trains Can Now Enjoy All Conveniences.

The electric railway company has fitted up the southern portion of the station building at the southwest corner of Prince and Royal streets for the accommodation of crews while waiting for calls to duty. The main room is provided with all necessary furniture, literature, etc., and in the room adjoining lockers have been provided for each member, with toilet room and other conveniences.

The rooms are brilliantly illuminated by electricity. Heretofore while on the wait the men have ben usng the room in which the ticket office is located, and often that is congested with passengers.

FATE OF WARREN M'CARRICK

Philadelphia Boy Believed to Have Fallen Into River.

Warren McCarrick was not murdered. He came to his death as a result of falling into a sewer near the corner of Ninetenth and Bainbridge streets, half a block from his home in Philadelphia. The sewer is 10,000 feet long and empties into the Delaware River at the foot of Christan street, a scant mile from Vine street wharf, where the boy's body was found.

In its course the body was subjected to the action of refuse from at least three chemical works which empty into the sewer. A rain coming six days after the boy disappeared was sufficient to wash the body along several squares to the chemical works, when the water, mixed with the chemical substances, effected disintegration. Subsequent heavy rains washed the body to the Delaware River.

This deduction in the heretofore mysterious case made after an exhaustive and painstaking investigation seems to be the most plausible theory and the one most likely to be accepted.

On the day the boy disappeared persons in the neighborhood who knew him well saw him playing on the top of a huge snowbank several yards from the first manhole of the sewer. They cannot remember having seen him 15 minutes later.

KILLED AS AUTO TURNS

Frank W. Darling Meets Death at Bare Hills, Md.

Baltimore, June 20.—Frank W. Darling, assistant manager of the local branch of the Winton Motorcar Company, met instant death at 5 o'clock last evening when an automobile driven by John McPhail, president of the James Robertson Manufacturing Company, slid down a 20-foot embankment on the private driveway of Mr. McPhail's country home at Bare Hills, Baltimore county, and turned completely over, pinning Mr. Darling beneath it.

Mr. McPhail, who is nearly 70 years old, probably owes his life to the fact that he clung to the steering wheel and, when the car turned over the high seats, formed an arch.

COLLISION HIGH UP IN THE AIR

Austrian Army Pilot Makes Plunge Into Huge Dirigible.

NINE LOSE LIVES

Accident Occurs 2,500 Feet in Air—Thousands of Persons at Aviation Field Are Horrified.

Vienna, June 20.—For the first time in history an aeroplane rammed an airship here today, resulting in nine deaths and the destruction of both aircraft.

The great Austrian military dirigible "The Parseval," 2,500 feet high, was rammed amidships by a military aeroplane.

The dirigible caught fire and collapsed with its seven doomed occupants. The aeroplane crashed to earth, killing both pilot and observer.

The spectacular accident happened above the aviation field between Enzersdorf and Fischamend, just outside Vienna. The giant dirigible was soaring about under pefect control and the aeroplane, apparently, also was going well.

Suddenly watchers below saw the aeroplane swerve nearly at right angles and dash toward the giant flier. Swift as lightning the smaller aircraft dashed against the big cigar-shaped balloon and struck it fair in the center.

Instantly a great flare of fire was seen to burst from the wreckage and the two craft fell toward the earth in a tangled mass, a long ribbon of flame streaming out behind them as they fell to the earth.

The nine who perished fell within a few feet of each other, and were picked up charred almost beyond recognition Among the dead was Capt. von Blaschke, perhaps the most prominnet airman in Austria.

It was believed some accident to the steering gear of the aeroplane causd the disaster.

Besides Captain von Blaschke, four lieutenants, one naval officer, one civil engineer, and two mechanics comprised the dead in the record crash.

BAPTIST SCHOOLS.

Lively Discussion Before the Northern Convention.

Boston, June 20.—A lively discussion of Baptist Schools and colleges Thursday preceded the adoption of the board of education's report at the Northern Baptist convention in session here. Rev. William Pettengill, of Wilmington, Mass., precipitated the argument when he said he had seen young men go from church to college full of the spirit of the gospel and at the end of their course cease to believe in anything.

"I have grown tired," he said, "of listening to candidates for the Baptis ministry say they do not believe in the Virginia birth or the resurrection of the physical body. I have been unable with a clear conscience to recommend any Baptist school that I know about."

Cries of "no, no," came from the audience.

Several speakers defended the institutions.

The total amount left to the Baptist Churchthere the South by the philantropist is $17,000, divided among the home mission board in Atlanta, and the orphans and aged ministers of the Alabama Baptist convention.

TO FLY 1,199 MILES

Three Pilots Also to Be Carried for Trans-Atlantic Trip.

New York, June 20—The aeroplane now building for Rodmen Wanamaker, in which an attempt will be made to cross the Atlantic Ocean, will carry three pilots, according to anouncement yesterday.

Lieut. John S. Porte, of the British Navy, who has been selected by Mr. Wanamaker to attempt the flight, will have Aviator Hallett in the flying boat wth him from New Foundland ot the Azores Islands, where the first stop will be made. At the Azores it is planned to pick up John Lansing Callan.

The distance from St. Johns, N. F. to the Azores, is 1199 miles and Lieutenant Porte reckons that he can cover it in 20 hours. The consumption of gasoline on the flight will lighten the load to such an exter that Callan's weight will make no difference.

The launching will take place this afternoon on Lake Kenka, if the present plans do not miscarry.

LAST DAYS OF BENNETT.

Editor of New York Herald Abut to Enter Shadow of Death.

New York, June 20.—The shadow of death has fallen upon James Gordon Bennett, editor of the New York Herald, and every civilized nation in the world feels a personal interest in the fight the "colossus of the Fourth Estate" is waging wtih death.

Bennett was born in New York; he's dying in Paris; the whole world was his home, and even the boundaries of civilization marked no limit to his activities and his explorations.

From world-end to world-end he was known, and his friends were of tener kings than commoners, for Bennett was born to wealth and aristocracy. He hobnobbed with Carlos of Porugal, and with Leopold of Belgium, and the natives of Tibet tell many a weird tale of the "great traveler" who was so lavishly entertained in the palace of the Lama.

Bennett was a man of vast wealth and an aristocrat, by birth, yet he reads the paper, which he receives by mail. He knows who wrote the least important article in it, he comments on every story. He fires and he fires ediorial writers and cub reporters.

He defines policies by cable and keeps the wires hot tearing these policies to pieces, and incidentally earing to shreds the nerves of his subordinates.

Bennett is called the most eccentric of men. Every one connected with the Herald agrees that he is entitled to his reputaion. He rules his men like a despot; his word is law, and there's an appeal from his mandates. Yet, notwithstanding the iron rod so unrerentlessly wielded many of his employes hold him in high esteem.

HUERTA BENT UPON FORCING CONFLICT

Reports in Vera Cruz that Such Is His Plan if Mediation Fails.

TO BREAK ARMISTICE

May Compel United States to Advance on Capital to Escape Falling Into Villa's Hands.

Vera Cruz, June 20.—By some deliberate overt act, to try to force armed American ntenvention in Mexico if mediation fails, was declared here today to be Huerta's latest plan.

Arrivals from Mexco City and observers here of the policy of the Mexican dictator agreed today that everything indicates Huerta is waiting only until mediation is declared futile to have his troops near Vera Cruz commit some breach of the existing armistice He thinks this will force an American advance on Mexico City and thus save his tottering power from conquest by the constitutionalists.

Behavior of the Mexican troops in contact with the Americans at the railroad gap adds weight to this opinion. For some time the relations between the forces have been friendly, but in the last day or two all amenities have ceased and insults and jibes frequently come from the Mexican outposts.

Army men here believe the new spirit displayed is the result of direct orders from Mexico City, which have inflamed the Huerta troops against the "gringoes."

Further indication of the alleged plan to force an American advance is seen here in the fact that for the first time since the Almerican occupation of Vera Cruz, Huerta's soldiers at the line are pillaging he baggage of passengers coming through from Mexico City to the coast.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

DEATH OF MRS. NOURSE

Wife of Former Alexandria Pastor Expires Suddenly at Home of Daughter.

Mrs. James M. Nourse died suddenly yesterday afternoon at the residence of her daughter, Mrs. Albert D. Brockett, 318 north Washington street, where she had been visiting for a week.

Mrs. Nourse was the daughter of Hon. David Somers Blackman, and Abigail Hugg Doughty, of Port Republic, Atlantic county, New Jersey, where she was born February 3, 1844. On May 18th, 1865, she was married to the Rev. James M. Nourse, of Washington, D. C.

Mrs. Nourse, while very retiring, and a great lover of home life, assisted her husband in his church duties and work, as well as in other organizations where she considered it her duty, in her long life as a public woman. She was much interested in work done towards the uplift of the public mind. She was unusually well informed on flowers and birds, taking a great interest in every thing pertaining to their culture and preservation. She was a member of the Daughters of the American Revolution eighteen years, and at the time of her death, belonged to the Fairfax Chapter, having been an officer several years.

Mrs. Nourse was descended from many older families in New Jersey—the Doughtys, Clarks, Blackmans, Risleys, Van Cowenhoven and Ingersolls, and from New England of the Pratts, Parkers, and Buckinghams and Griswolds.

Mrs. Nourse is survived by her husband, six children and eleven grand children. Her children are Mrs. Albert D. Brockett, Alexandria, Va.; Mr. A. Homer Nourse, of Brooklyn, New York; Mr. Clarence D. Nourse, of Atlantic City, New Jersey; Mrs. Jesse Sidewell Myers, of Westminster, Maryland; Mr. J. Francis Nourse, of Philadelphia, Pa.; Mrs. John Edgar Myers, of New Windsor, Mayland.

HELD FOR GRAND JURY

William Trigger Arrainged for Murderous Attack Upon Jos. Henderson.

The case of William Trigger, charged with attempting to kill Jos. Henderson in the saloon of George Nightingill, at the northwest corner of Wilkes and Columbus streets, several nights ago, came up in the Police Court this morning.

According to Henderson's version of the affair, the shooting was unprovoked and that the trouble was brought on by Trigger, who had previously been engaged in a difficulty in Kelly's saloon in the same neighborhood. Henderson was shot in the calf of the right leg. Trigger had discharged the pistol four times. The first shot was fired in the saloon, the ball passing uncomfortably close to the proprietor's head and smashing a looking glass.

Trigger in his statement denied that he had brought on the trouble, and alleged that he did not discharge the pistol until Henderson attacked him with a bottle.

Justice Caton held the accused for the action of the grand jury.

CORONER JURY ADJOURNED.

A coroner's jury was summoned at 11 o'clock this morning by Coroner T. M. Jones to view the remains of Frederick F. The jury adjourned its session until June 23rd, at 8 o'clock, without arriving at a verdict. Schweibert's remains were shipped to Gardonsville for burial this afternoon. The judy was composed of J. D. Brown, John H. Fisher, John F. Buckley, M. R. Norris, A. A. Paul and Charles P. Waller.

PROHIBITION PETITIONS.

Work of Securing Signatures to Commence Next Week.

One next Monday the work of securing names to petitions to the Governor of the State asking him o call a special elecion on September 22nd for the purpose of voting on the question of state-wide prohibition will be known as petition week, and an effort will be made to secure a sufficient number of signatures during the week to comply with the law.

The enabling act which gives the people of Virginia right to vote on the question of state-wide prohibition went into effect yesteray, which was ninety days after the adjournment of the state legislature. The law empowers the governor to call the election provided he is petitioned by one-fourth of the persons who voted in the gubernatorial election last November. In this election there were 72,421 votes cast, making it necessary to secure 18,106 qualified voters. People who are familiar with the situation are confient that the prohibitionists will secure a much larger number of signers than this to the petiion.

Plans for the securing of signatures in Alexandria are being kept very quiet, and it is not known who will be in charge of the campaign here. Several of the workers in the prohibition movement are out of the city.

PERFECT CONFIDENCE

Alexandria People Have Good Reason for Complete Reliance.

Do you know how—
To find relief from headache.
To correct distressing urinary ills;
To assist weak kidneys.
Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests

Here's an Alexandria testimony:

Mrs. Annie Scott, 110 Prince street, Alexandria, Va., says: "I had pains in my back and I could not rest well. In the morning I always felt tired and worn out and I also had dizzy spells. Doan's Kidney Pills did such good work that it is a pleasure to recommend them to other kidney sufferers. I am the same strong friend to Doan's Kidney Pills today as I was some years ago when I publicly told of the cure they had made for me. The cure has been lasting"

FATHERS' DAY TOMORROW.

After the observance of "Mothers' Day," "Children's Day," and many other conceptions of the twentieth century it has occurred to some charitably-disposed persons that there should be a "Fathers' Day," and it is proposed to celebrate it tomorrow. Such as have any tende rfeelings towards paterfamilias, whether he be alive or with the great majority, are enjoined to appear tomorrow with red or white roses in their lapels.

While the words of an old sonnet, "Everybody Works but Father," may be true in some cases, in most instances the wording of the song could be reversed in homes where it is known that "Nobody Works but Father."

The head of a family, if he has a realization of his responsibility, is burdened in life from start to finish. He soon loses taste for the most of the enjoyments of the world and becomes a spectator of the bustles and pleasures of life.

All may not have the experience of King Lear, as the members of his family, if they are endowed with humen instincts, will sympathize with him in his monotonous plod, often when his physical powers are nearing the point where his efforts can carry him no further.

It is often said that no child can ever repay the care of his or her mother, and while this is strictly true, the appreciation of faithful mothers should not be allowed to cast the humble and equally worthy father into an eclpse.

In these days of railroads, steamships, mines, machine shops, etc., it should not be forgotten that fathers risk their lives night and day through love for those near and dear to them.

Often while wives and children are slumbering during the wee sma' hours, faithful fathers are on nocturnal vigils, braving the elements, not for their health,, but in order to keep comfortable the members of their families.

And the question might be asked: Are they always understood and appreciated ?They may be when they are thrown with sympathetic people but how often, after havng given their best days to soulless corporations, are they turned out, as old horses in a field, probably dismembered, to await the scythe of the relentless reaper?

Some have lingered until, in the language of the book of Job, the clods of the valley have sounde dsweet—they have longed for death and rejoiced when they found it. The proper colored rose should be worn for all such tomorrow.

Those who are still on the treadmill of life, before whom but a few more milestones appear, should be honored with a rose indicating that they are still here and able to appear to bless the family board.

FREE BOY FROM SPELL

Irate Citizens Threaten "Professor" Who Put "Bicycle Riding" Lad in Show Window.

Gary, Ind., June 20—Arthur Tracy, 18, who was hypnotized by W. B. Griffiths, an itinerant hypnotist, and who for more than twenty-four hours lay on his back and moved his feet in imitation of a bicycle rider when Griffiths refused to "release him," was brought out from under the spell after the "professor" had been arrested and threatened with violence by irate citizens.

Tracy was hypnotized by Griffith, who gave the boy the illusion that he was riding a bicycle and placed hi min a public show window.

Members of the Women's Club protested to the police and six officers carried he boy to the police station. Griffith refused to "awaken" him, and it was necessary for two policemen to hold the boy's legs for eight hours. Mayor R. O. Johnson then personally arrested Griffith, and only after threats of personal injury had been made against him did he consent to release the boy from the spell.

CAUSES FOR DIVORCE

New York Woman Jarred by Rancher Husband's Manners but Is Denied Relief.

Los Angeles, June 20.—Mrs. Adele T. Bryant, formerly of New York, who left there to become the wife of Solomon F. Bryant, a Covina rancher, failed to obtain a divorce on the ground that her husband's manners jarred her.

"When I met Mr. Bryant I was earning $50 a week as buyer of pictures for a New York establishment," said Mrs. Bryant in court. "After our marriage we came to California Then I discovered it was his daughter who had written his letters for him. They were beautiful letters.

"One of the first discoveries I made was that he ate wth a knife. Also, he never changed his clothes when he came to dinner. Bathing was something he did not do very often and he developed propensities for going to bed with his clothes on, so I gave it up." The judge couldn't see "cruelty" in such actions

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

BURY A BABY ALIVE

San Blas Indians in Panama Impose Severe Penalty for Mixed Marriages.

Panama, June 20.—An incident recently came to light which clearly shows the determination of the San Blas Indian of Panama to maintain his foothold in the fertile territory in which he lives as well as his desire to maintain a purity of blood.

A short time ago the chief of the tribe living at Blablo, on the San Blas coast, ordered the burial alive of an infant a few days old because it was the offspring of a negro and a woman member of the tribe. The negro was ordered to leave he country.

The old chief made it clear that he day either the white man or a negro acquires a foothold among them will mark the beginning of the loss of their independence.

Strangers who came into the Indian territory are not always treated kindly. Recently a party of white men appeared in the San Blas country to work a gold mine. The Indians drove them out of the country.

MINISTER ROTTEN-EGGED

Attacked After He Had Called Upon a Young Woman.

Grafton, W. Va., June 20.—The Rev. W. T. Elsey, a handsome young bachelor pastor of one of the city's leading churches, was Thursday night bombarded with "aged" eggs by several of the city's leading young swains, who thought the young clergyman too popular with the pretty and eligible young women in the cty. For some time the Rev. Mr. Elsey has been lionized by the belles of the town, and the young gallants became surly.

Several of them organized and lay in wait for the Rev. Mr. Elsey as he came from the home of a prominent young woman Thursday night. Before the pastor had gone far he was pelted wth the eggs of uncertain age until he was covered with their contents

Surrounded on all sides by his tormenters, the Rev. Mr. Elsey made desperate efforts to reach some of the young miscreants, but the accurate aim, quantity and odor of the eggs were too much for him. Finally, decding that discretion was better than valor, he ran down the street and called on the police for protection, which was immediately forthcoming.

Three of the young men were arrested, and were given a hearing yestrday before Magistrate Newman. They were held to await the action of the grand jury. Other arrests are expected. It is said that several of the most promnent young men in the city were immplicated and that they will be prosecuted.

DRIVE NEGROES FROM TOWN.

Residens of Shoshone, Idaho, Enraged by Shooting Affair.

Boise, Idaho, June 20.—Citizens of Shoshone, Idaho, drove all negroes out of that town Thursday night after Jack Edwards, colored, while resisting arrest on a charge of drunkenness, had shot James May, the town marshal, and E. V. Bower, treasurer of Lincoln county. Bower's wound may prove fatal. The negro was caught yesterday at American Falls and taken back to Shoshone.

AERIAL FATALITY.

A Russian Killed and a Swedish Officer Injured.

St. Petersburg, June 20.—The military aviator, Sopakine, was killed yesterday at the Gatchina aerodrome by the fall of the aeroplane he was driving.

Stockholm, Sweden, June 20.—Lieutenant G. De Porat, pilot, and M. Hygerth, a passenger were seriously injured yesterday when the aeroplane fell about 100 feet. The accident occurred near Jonkoping, and was the first aviation accident in Sweden.

KILLS SWEETHEART

Philadelphia, June 20.—After writing a letter to the police telling them where to find his body, John Barnes, a negro chauffeur, crazed with jealousy, walked into the Mayflower Restaurant, No. 531 South Seventeenth street, late last night, shot and killed Hettie Lucas, a waitress, and sent a bullet into his own head, from the effects of which he is dying.

LAWSON DOWNED

Senate Sides with Virginia Senators Against Wilson's Danville Nomination.

Washington, D. C., June 20.—The nomination of "Bud" Lawson for postmaster at Danville, sent to the Senate over six months ago by President Wilson, was rejected by unanimous vote of that body yesterday after being discussed for half an hour in executive session.

This action by the Senate has been expected ever since it became known that Postmaster General Burleson and President Wilson had determined not to follow the suggestion made by Senators Martin and Swanson in favor of W. R. Mitchell, who was recommended for the position about a year ago by Congressman Saunders.

At the time of Lawson's nominaton the Virginia Senators served notice on Postmaster Burleson that they would now allow Lawson o be confirmed. Numerous conferences were held for the purpose of having Burleson name Mitchell, but he refused .

Saunders' recommendation of Mitchell, endorsed by the Senators, is still on file with the deparment, and they will now urge Burleson to nominate him.

Lawson was nominated at the urging of Eugene Withers, of Danville, and numerous other Virgina politicians, members of Wilson clubs in Southern Virginia.

CIGAR WAS LOADED.

Explosion Injures Frederick County Maryland Man.

Frederick, Md., June 20.—John Fox, about 60 years old, residing near Yellow Springs, was injured about the hand and face Thursday night in attempting to smoke a cigar which he found along the roadside, and which he thought had been lost by someone. The cigar proved to be one loaded with some sort of a cap, presumably a dynamite cap. The explosion which followed a few puffs upon the cigar was of sufficient force to badly lacerate the hand and face. Mr. Fox said he had just moved the cigar a foot or more from his mouth when the explosion took place.

A physician picked 12 pieces of copper-colored tin or shell from the wounds in his hand. Mr. Fox says he knows of no one who bears him a grudge, and is of the opinion that the loaded cigar was intended for another.

ACCIDENT IN FACTORY.

Big Wheel Ploughs Through Five Floors.

Suffolk, Va., June 20.—The main guide wheel of the Suffolk Peanut Company's large brick factory exploded yesterday morning and tore through five floors of the factory carrying with it everything in its path.

The wheel, which is sixteen feet in diameter and thirty-two inches wide on its face, weighing 20,390 pounds, has been in the factory two and a half years and runs all the machinery.

Without any warning except a grating noise and from no known cause it splintered to small pieces, tearing a large hole through the brick wall on the side of the factory and tore through five floors.

Eighteen women working at a table just above it, and 150 employes in the room heard the grating noise and stepped ten feet from it just as it ploughed through. Not a person in the building was scratched, but the loss to the company, which can not yet be estimated, will be a large one, and it will be a month before the factory can be used.

Sudden Death.

Luray, Va., June 20.—T. W. Alexshire, a well-known farmer of this county, fell from his binder yesterday morning and expired instantly. He was dead when other hands in the field reached him. Heart disease was the cause of death. He was about 68 years of age.

As the result of a recent collision at Bloomfield, N. J., between a team driven by F. V. Wilkinson, of Newark, N. J., and an Erie Railroad locomotive, the road yesterday sued Wilkinson for $100 damages because "divers slats of the cowcatcher of the engine were broken, the paint of the locomotive was bruised, and the track "strwen with litter." This unusual suit is an answer and counterclaim to an action for $25,000 damages brought against the railroad by Wilkinson, who claims the accident was not his fault and that he suffered a broken hip, three fractured ribs, and other injuries. The road asserts that the collision was due to Wilkinson's negligence.
